Our Mission is to discover, understand and meet the needs of each individual that we serve.

Adult Day Care & Respite Program

Arbor Rose offers Adult Day Care and Respite Program for individuals with Alzheimer's and dementia.

Our Adult Day Care program is great for families who want to leave their loved ones with our compassionate caregivers for the day. Your loved one will experience the same life engaging activities enjoyed by our full time residents. Our delicious meals and refreshments are also included.

Our Respite program provides family caregivers the opportunity to take a fun vacation or just rest, knowing that their loved one is being given the best of care. A Respite resident becomes a member of our Arbor Rose family while they are with us, and they will enjoy all the same amenities as our full time residents. This program can be an overnight or extended stay.

An assessment will be required for the Adult Day Care or Respite program. Please call our home for rates and availability.

Person-Centered Care

Activities are custom tailored to the life of the individual being served. For example, a homemaker may enjoy setting a table for dinner, while a farmer might want to study weather reports. A doctor might like to review x-rays and medical charts. An artist might want to paint a picture, while a business professional may prefer to read the newspaper.
